

Raising the Temperature on Extreme Heat:  
**Smart** Surfaces and Efficient **Cooling**

2023 NASEO Annual Meeting  
 October 16-19, 2023  
 Hilton Portland Downtown - Portland, OR

# ODOE's Smart and Cool Programs

---

- **Cooling Needs Study**
- **Landlord Cooling Centers**
  - **Heat Pumps**
  - **Grid Resilience**
- **Community Renewable Energy Projects**
  - **Home Energy Scoring**
  - **Solar + Storage and Solar For All**
  - **HOMES/HEAR/EECBG**
  - **Building Performance Standard**

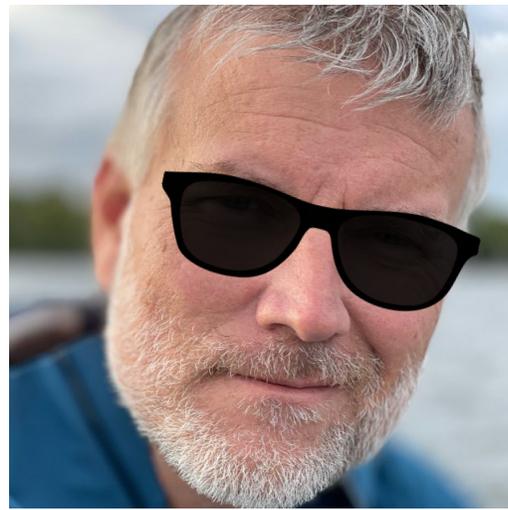

# Our Panel

In 2023, the northern hemisphere experienced unprecedented heat waves, affecting billions of people globally and at least one-third of the U.S. population. States and cities alike are taking steps to help communities weather these extremes by investing in cooling technologies and surfaces, improving resiliency and supporting public health and comfort. This talk will highlight state and local advancements and accomplishments.
